
Aid4Mail Crack

Aid4Mail Crack + Download PC/Windows

Aid4Mail Crack is a PC software application that has been created to simplify the migration of e-mail data from one platform or service to another. Using this application, you can export multiple email accounts from Thunderbird to Windows Live Mail, migrate from Outlook to Gmail or vice versa, move accounts from Mac to Windows, synchronize multiple Eudora email databases, export email data to EML, MHTML or PST formats, extract email data from the trash folder, as well as export messages with or without their attachments to Thunderbird, POP3 or IMAP email accounts. Moreover, you can also convert Outlook Express to Outlook, convert MBOX to PST or vice versa, and import DBX to PST. So, whether you are a beginner or a seasoned user, what you can accomplish with Aid4Mail is pretty impressive! - Choose the email data source - Apply the options for desired email migration - Define the target email account - Choose the location for the export - Select the folder for the migration - Fetch the information from the trash folder - Create a backup of the original folder - Export messages with or without attachments - Export plain text only, rich text only, or both - Import EML, MSG, POP3, SMTP, and RTF files - Convert MBOX to PST and convert DBX to PST - Examine message headers, mail text, and logos - Extract contact list from EML, MSG, HTML, RTF, and BDB files - Import EML, MHTML, HTML, MSG, RTF, and BDB files - Extract email messages from IMAP, Mbox, EML, MHTML, PPT, HTML, RTF, BDB, and BMP files - Convert multiple DBX files to one PST file Aid4Mail Standard Edition is a PC software application specialized in migrating a wide range of email programs, mailbox formats, and webmail services such as Gmail, Outlook.com and Yahoo! Mail. For example, you can export Thunderbird to Outlook, convert mbox to PST or vice versa, transfer Yahoo! Mail to Gmail, convert EML to MSG or vice versa, import Eudora to Outlook, convert DBX to PST, and much more. User-friendly layout The utility employs a wizard-like assistant for helping you carry out the email migration process. This way, even less experienced users can learn to tweak the dedicated parameters.

Aid4Mail Crack + [32|64bit]
