What's New in the Efficient Sticky Notes Pro?

Efficient Sticky Notes Pro is designed to provide an alternative to the traditional pen and paper, enabling you to place virtual sticky notes on your desktop so as to remind yourself about important tasks or events. Integrated search function to look for notes Thanks to the intuitive layout and simple options, working with the application is a breeze. Sticky notes are organized in different groups, which enables you to quickly identify the ones you need. And if you still cannot find it, the integrated search function can be of great assistance, enabling you to enter specific search conditions related to content, creation time or group. Creating a new note is simple. You just have to enter the desired text and press the 'Save' button. Alternatively, you can import content from CSV or TXT files and include it in your note database. Customize note looks and create backups Aside from typing in or pasting the desired text, there are additional customization options that you can tamper with. For instance, you can change the appearance of the note (color, font style, transparency, gradient background) and even attach files to it. Notes can be optionally placed on the desktop, but you can opt to keep them in the main window only. In case you want to store private notes that shouldn't be read by anyone else but you, Efficient Sticky Notes Pro features password protection possibilities. Another advantage is related to the backup and restore functions. With their help, you can create safe copies of your sticky notes and restore them anytime you need to. Place colored stickies on your desktop Efficient Sticky Notes Pro is useful to anyone who wants to efficiently organize their daily activity without risking to forget about a task or an event. The straightforward interface makes it very easy to use and the generous feature set enables you to manage your sticky notes without effort.
