Blur You can blur one or more specific layers, or the entire image. The blur tool is located in the Layers panel.

Auto-Blur Use this tool to automatically blur an entire image. Blur Tool Image is blurred with a radius and Gaussian filter. Radius defines the maximum blur and may be set to 2, 3, 4, 5, 6 or 8 pixels. Gaussian filtering option, set to Off, is used if the image is blurred with radius 8 pixels or higher, and results in blurry edges. Use the Radius tool to set the blur radius.

Blur Brush Create a soft blur brush that can be applied to one or more layers. Blur brush will produce soft edges when applied to a layer. Blur Brush Tool Blur is created with this tool.

Born in Crabtree in Onslow County, North Carolina, the son of Henry Burselson Rathbone and Lulie Crump, Rathbone attended the public schools in north-central North Carolina and Stephens College in Columbia, South Carolina. During World War I, Rathbone served in the United States Army from November 1917 until discharged in February 1919, having attained the rank of captain. Q: How to get MS Office 2007 features such as "marking text" and "annotating PDF" in Libre Office? When I try to annotate a PDF file, the marker options are very limited (no text coloring, no pointing and clicking, etc). I am using OpenOffice, but could also use LibreOffice, or any other free software that supports the features that MS Office offers. Any hints for me? Thanks! A: I'm afraid that LibreOffice doesn't support these features. (I read on one of the LibreOffice mailing lists that LibreOffice has a limit of one marker at a time, which is not compatible with MS Office 2007.) Also see Top 10 Reasons You Need to Start Eating Local Eggs in 2015 For the past year or so, we've been obsessing over the idea of eating local eggs (as opposed to farm fresh eggs). Here are 10 reasons why it's time to start driving to the farmers market to track down the best eggs in your area. 1. Eggs Are So Cheap Every time we're at the market, we inevitably run into someone who says, "I didn't know that eggs are so cheap." You know the drill: Eggs are actually a lot cheaper than we think. According to the USDA, "According to the Egg Price Index (EPI), a family of four can expect to pay \$3.97 for a dozen eggs in April 2007, based on the average market price for the dozen at wholesale. Family-size cartons of eggs have decreased in price by 12 percent over the last year and are now on average \$1.48 less per dozen than last year, a price savings of more than 27 cents per dozen." Even when we paid \$5 or \$6 for a dozen back in February, they're a steal at \$3.97. 2.They're So Delicious It's hard to believe, but eggs have more flavor than most other foods. They have such a distinctive flavor that they don't have a lot to offer you. But the flavor of local eggs, especially farm fresh eggs, is just so delicious that you can taste a difference. We've been saying that since the first time we tasted our CSA eggs, but this year we actually got
